SUBJECT: Facilities Information Management System (FIMS) Version 2.24 Release

Today, Monday, April 20, 2015, version 2.24 of the Facilities Information Management System (FIMS) was released. The URL to access the FIMS application is <https://fimsweb.doe.gov>. This release addresses the following enhancements which will automatically be available when you log into FIMS from your browser. The Change Request can be found on the FIMS informational website (http://fimsinfo.doe.gov/change_requests.htm).

- The following data elements have now been added to the Excess window for all property types in support of the recently released guidance for evaluating the Department of Energy's excess facilities. These changes are outlined in change request 15-07. Detailed definitions can be found in the FIMS Data Element Dictionary.
 - Site Priority for Disposition
 - Contamination Category
 - Disposal Readiness
 - Disposal Complexity
 - Mission Impact
 - Public Health & Environmental Stewardship
 - Safety
 - Est Annual MSRO
 - Est Cleanup & Disposition Cost
 - Anticipated Repair Cost

- The FIMS User's Guide has been updated to reflect these enhancements. These documents can be obtained from the FIMS informational website (<http://fimsinfo.doe.gov/documentation.htm>).

If you have any questions related to these enhancements, please contact the FIMS Hotline at 301-337-6019 or email FIMS Support.
